### Hanseatic League of Northern Europe

The slide features four main visual elements: a photograph of a Gothic cathedral in the top left; a map of Northern Europe in the top right showing the Hanseatic League's trade routes in pink, with a legend for symbols like 'site of important fair', 'Hanseatic League', and 'other important city'; a historical illustration of a harbor scene with ships and people in the bottom left; and a small 'uberplay' logo in the bottom right. The number '9' is centered at the bottom of the slide.

The slide displays three photographs of a canal lock system. The top left photo shows a stone bridge over a canal with lush greenery. The top right photo is a historical painting of a harbor with several large sailing ships docked at a quay. The bottom photo shows a modern view of the canal lock system with people on the banks. The number '10' is centered at the bottom of the slide.
